I have enjoyed the first month of my term as President. As I came into this office, I did not know what to expect, or what other people expected. My discourse, however, was put to rest when I, along with Clay Lance, Michael May, and T.J. Haynes attended the FarmHouse Leadership Academy in Kansas City in early January. The academy was a great educational experience that helped to shape my interests, expectations, and goals of the office of President. I also had the opportunity to speak with presidents from other chapters- comparing different goals and what they had planned for their perspective chapters.

Getting back to the University of Arkansas Chapter of FarmHouse, this has been a great beginning to the spring '07 semester. The brotherhood and moral of the House has never been stronger. Although we are once again faced with the issue of a low number of members, we are determined to not let it get us down. Our recruitment efforts are more focused now than they have ever been. In addition, all the officers began the semester with open minds and great charisma. During our officer retreat, several key issues and events were planned for the upcoming semester.

During our February 12, 2007 Chapter, we unanimously passed a motion to charter the University of Guelph Chapter of FarmHouse. Although their chartering ceremonies are scheduled for the same weekend as our Founders' Day, I highly encourage all alumni to send their support to the Gentlemen of Guelph.

The gentlemen of FarmHouse at the University of Arkansas would also like to extend an invitation to any and all alumni to come by the House. We value your interest and commitment to the active chapter.

## Recruitment

In the fall of 2006 we pledged five young men and three went on to become active members. We currently have one spring pledge who we expect great things from. This summer we are looking at having several recruitment events. We are going to campout at Beaver Lake and have a good time July 20-21. All alumni are invited to come and take part in the fun. We are also looking at having a co-recruitment event with the Texas Tech Chapter. Of the men who went through IFC Formal Rush last fall, 25% were from Texas. We believe this may be a new untapped resource. Any alumni help or participation would be greatly appreciated. We are expecting great things this year.

## The New Association President

Greetings Arkansas FarmHouse Alumni:

I would like to take this opportunity to introduce myself, the board, and share our vision for the Arkansas FarmHouse Alumni Association. I am a 2001 initiate and a 2005 B.S. graduate and I currently call Fayetteville home. The rest of the board consists of Joshua Still (Hope, Arkansas) who is a 2000 initiate and a 2005 B.S. graduate who is currently finishing his M.S. in Plant Pathology. Henry M. Chaney Sr. (Hazen, Arkansas) is a 1979 initiate and a 1982 graduate with a B.S. and M.S. in Agriculture. Cliff Robinson (Lincoln, Arkansas) is a 2002 initiate and a 2005 B.S. graduate. Justin Goodnight (Conway, Arkansas) is a 2000 initiate and a 2004-2005 B.S. graduate.

Our vision for the Arkansas Alumni Association is to get back to the basics. We hope to get alumni from all over the state and nation back involved. We hope to do this by having a party/meeting in the central Arkansas area. This should allow the association to touch base with many alumni that don't get to travel to Northwest Arkansas for our bi-annual meetings. The association wants to help the chapter find many future initiates; we need to help the FarmHouse at the University of Arkansas become a large house again and be the "Builder of Men". Please make plans to join us at Founder's Day on April 21, 2007.

## House Report

I speak for all of the brothers by saying it feels good when guests come to the house and compliment on the cleanliness and overall feel of the place. We've been working hard on improving the house. We tore out the carpet from the second floor halls and top flight of stairs. Then, with materials donated by Tri State Floors Inc and labor provided by the brothers, sanded and refinished the hardwood floors and banister. A new touch was added to the foyer by inlaying an "FH" of walnut flooring in the oak flooring. We received the new furniture for the living room last fall and what a difference it made.

After all the festivities of Founders' Day, we are having a home improvement project. The project will probably involve either some painting or yard work. Tie-back coats will be provided so you will not have to worry about getting your clothes dirty.

Some future improvements we would like to take on include repainting the parking lot, bottom floor halls and chapter room, and renovating some of the currently unoccupied rooms.

I encourage everyone to stop by and visit. It is always interesting to hear stories about FarmHouse in days passed.

## Social and Brotherhood

As students, we are in school to further our education and strive for a degree that will boost our beginning to a career. As builders of men, we strive to become better academically, physically, spiritually, morally, and socially. It is the last of these that I plan to help fulfill with the planning of events and parties as the new social chairman. We plan to have a few functions this spring which include: FarmHouse Fish Fry, formal, Row Week festivities, Settin' the Woods on Fire camp-out, and a Pan-Hellenic dinner. We will also be having many small brotherhood events such as laser tag, paintball, skeet shooting, putt-putt golf, and many others. With all these activities, our semester will be busy as usual.

As for the fall semester, I would like to have another Pan-Hellenic dinner, a successful recruitment party, and our annual hay ride. In addition to having one big function hosted by us only, I would also like to co-host a function with another house on campus in an effort to further improve our interfraternal relations. My major goal is for us to attend every football pep-rally paired with another fraternity or sorority. I'm looking forward to a successful social year and getting our name known on campus.

## Alumni Relations

---

Greetings everyone! It is great to be putting out another newsletter. I am looking forward to a wonderful Founders' Day filled with delicious food and great company. The agenda for Founders' Day can be found on the front of this newsletter. I would like to thank everyone for the responses received from the last newsletter. While numerous addresses for lost alumni were received, more addresses were found to be incorrect. Therefore, I am asking that you please take a look at the list of addresses needed on the previous page. Even if you do receive this newsletter, please take the time to email me (kbunnel@uark.edu) with your preferred name, address, and telephone number. This will help greatly with the continual rebuilding of our alumni database. The Head Hog campaign was announced at the homecoming association meeting. The Head Hog campaign is an attempt to reestablish contact with the alumni we do not have addresses for. We are asking that one person from each pledge class keep in touch with his pledge brothers and relay their information back to the chapter. If you are interested, please contact me via email (kbunnel@uark.edu). We are looking into renting a couple of lanes at the bowling alley here in Fayetteville for alumni and actives to have a good time together. If you have any ideas of possible events with the same purpose, I encourage your feedback. I hope to see you at Founders' Day if not sooner.
