Sliderules are permitted, but not required. Any ACT approved calculator may be used for the test. We highly recommend TI-83 or TI-84.

Cell phones, palm pilots, Blackberries, iPods, etc. must remain silent during classtime. Keep them discreet unless you are using such a device for notetaking. No earphones or headsets allowed.

I will do my best to start on time and not lecture past the end of classtime. In return, if for whatever reason you end up late to class or if you need to leave during lecture, for example, to use the restroom, please do so as discreetly as possible. Rolling in late and/or packing up early is not cool, as the noise distracts and sabotages your classmates’ learning investment in the course.
