MEMORANDUM

To: Small Grain Breeders and Seedsmen

From: John Kelly and Robert Bacon

Date: 04 August 2003

Re: Entries for the 2003 - 2004 Arkansas Small-Grain Cultivar Performance Test

It is time again to submit your entries for the Arkansas Small-Grain Cultivar Performance Tests. Trials will be the same as last year with six locations (Keiser, Stuttgart, Marianna, Rohwer, Kibler, and Hope) representing the wheat growing regions of the state. At all six locations, management of the trial will be customized to obtain high yields. At Stuttgart a duplicate trial will be conducted in which management will include full protection from foliar diseases to maximize yields. The wheat entry fee will total $600.00 for all tests. The oat entry fee will total $100.00 for two locations, Stuttgart and Marianna.

Please submit your entries by the deadline (05 September), seed should arrive by (22 September). As you know there has been a large increase in the number of entries the last few years, creating a time crunch to get everything ready before the optimum planting period. Therefore, in order to have seed ready to plant at the appropriate time and to provide the best information possible to our participants, we will stringently adhere to the deadline dates.

If you need any additional information please call 479/575-5733 or e-mail at jkelly@uark.edu. Additional forms may be downloaded at www.ArkansasVarietyTesting.org. Thank you for your cooperation in the past and please let us know how we may better serve you in the future.

Trials will be conducted similar to last year: 6 locations under standard and 1 location under high management for a total of 7 tests.

¹ Please list all cultivars/experimentals exactly as you wish them to appear in the report.

² Experimental or Released

³ If we have tested this entry as an experimental during the last 2 years, please list its experimental number.

FEES: $600.00 per wheat entry.
      $100.00 per oat entry.
MAKE CHECKS PAYABLE TO:
ARKANSAS AGRICULTURAL DEVELOPMENT COUNCIL

SEED: Wheat - 25 pounds
      Oat - 5 pounds      Seed treatment used
